

OU Sooner Health Access Network

You have the chance to participate in a **FREE** program that focuses on your unique health needs and wants.

You will continue to receive health care from your regular doctor, plus you will get extra services from a Care Manager.

This program is a part of your SoonerCare Choice or SoonerSelect Aetna Better Health of Oklahoma benefits.

Our Care Management Team has both nurses and social workers to assist you.

Talk to your provider about a referral for Care Management today.

Care Managers

Care Managers partner with you and your doctor to help you get the most out of your health care.

Your Care Manager can:

- Answer your questions about your health conditions.
- Help you get the health care services you need.
- Work with you to create a care plan based on your goals.
- Help coordinate your care when you see specialists or go to the hospital.
- Call you to see how you are doing.
- Help you find community services like transportation, lower cost medicines, and infant car seats.

Our Team

Our Care Management Team has both Registered Nurses and Licensed Social Workers to assist you.

Care Managers partner with you and your doctor to help you get the most out of your health care.

We look forward to working with you!

“I have come a long way from homeless no income zero. I have an apartment, food stamps, social security disability. She met my heart Doctor. She gave me sound advice dealing with my heart situation. She has assisted me in many ways getting my prescriptions refilled, my food stamps renewal, my blood pressure monitor.”
